STRIVING FOR EXCELLENCE

WELCOME TO

# SMAHLA ESIHLE

Smahla Esihle was founded in 2014 by Nkululeko Tshabalala. The company started as a passenger transport company doing shuttle service for various mines, power stations and private hire.

In 2022 the company started diversifying into other business ventures like suppliers, plant hire (water carts, TLB's, excavators, rollers, etc), coal hauling, etc.

The company is currently operating at Plot 31 Heuwelfontein Kendal, in the premises of Lamavuso Transport until we get our own space and offices.
